**CANADIAN ARCHITECTURAL & ENGINEERED PRODUCTS**

## Introduction

Until recently, architectural specialties Industry was saturated by handful of players, that offered limited specifications and left little or no room for tailor-made solutions or customization. To break this hegemony, a group of engineers got together in Canada and found Prospec Specialties in 2011. Since then, Prospec, has grown to manufacture a wide range of architectural products to suit your dynamic project needs. Customization and value-engineering being our core competency.

*Providing Solutions.*

## Mission

Prospec Specialties shall design, manufacture and market high quality building materials to sell them at customer friendly pricing with quick turn-around time.
